

## 10 Year Future Development Planned

### Durick Receives Shield Dedication

by Dave Barry

Pasquale DeAngelis, Senior Class President, has announced that the Class of 1960 has unanimously voted to dedicate this year's *Shield* to Dr. Jeremiah K. Durick. Mr. DeAngelis stated that the Class of 1960 was honored and proud to have the opportunity to dedicate the year-book to Dr. Durick.

Dr. Durick came to St. Michael's in the early thirties as an associate professor of English and Education. While at St. Michael's he has headed the summer session since its foundation in 1939 and became the head of the English Department. Dr. Durick is an associate trustee of St. Michael's. In 1955 he was voted an honorary doctorate of Humane Letters by St. Michael's as a devoted representative of the College faculty.

#### WELL KNOWN

Nationally known as an educator, writer and poet, Dr. Durick has a varied background as a teacher in private and public schools, as an administrator and as a writer and speaker on literary and social problems.

Dr. Durick is a native of Fair Haven, where he was graduated from the high school as salutatorian and UVM scholarship winner. He was for five years an instructor and for two years assistant principal at Fair Haven High School.

With B.A. and M.A. degrees from St. Michael's, and his

### New Method In Choosing Cadet Queen

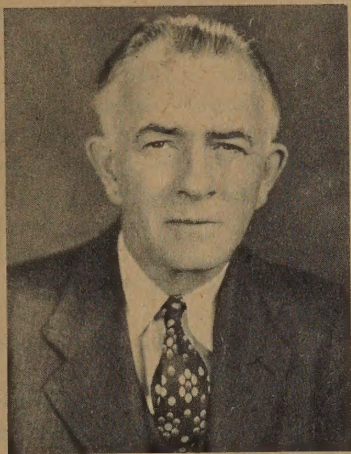

The Military Weekend's Annual King and Queen Contest is now underway. The Queen will reign for the entire weekend to be climaxed by her presentation at the Saturday evening Military Ball on Nov. 7.

The King and Queen Committee under the supervision of Rollie Holub will choose 10 semi-finalists from the collected photos. The 10 photos of the semi-finalists will then be on display in the dining hall where the Cadet Wing will vote for five finalists by secret ballot.

The five finalists will then be the guests of the Cadet Wing at a Tea to be given on Friday afternoon Nov. 6, where the Queen will be chosen by the committee, and her court will be appointed from the remaining finalists.

#### RULES

In order to have a date entered in the contest a Cadet must submit one 8X10 or one 5X7 portrait of his date in either color or black and white. This picture must be submitted before the deadline of Oct. 23 to Alumni Hall Rm. #121.

Dr. Jeremiah K. Durick

doctorate from the University of Ottawa in 1943, Dr. Durick has also studied at Harvard, Holy Cross, Catholic University, Notre Dame, Fordham University, Boston University, New York University and Columbia University.

In 1929 at Harvard, he served as chairman of the annual authors reading. One of the founders of the Vermont Poetry Society, he is a past president and a member of the Council. He has lectured before clubs throughout Vermont, at the University of Vermont and at Norwich and at Norwich and has given many commencement addresses in Vermont schools.

#### WRITINGS

He is author of the history of the diocese of Burlington, written during the Centenary year (1953) and co-author of the Golden Jubilee History of St. Michael's (1954). His writing has appeared in College English, The English Journal, Commonwealth, Catholic Educational Review, Vermont Quarterly, Spirit, Driftwind, Corelli, and he

(Continued on Page 4)

St. Michael's College is embarking on a development program that will raise \$2,500,000 in the next 10 years. The program was outlined Monday by St. Michael's president, Very Rev. Gerald E. Dupont, SSE, at a meeting of the board of associate trustees.

With more than three applicants for each student it can accept St. Michael's plans to increase enrollment by 50 per cent from 800 to 1200 in the coming decade, Father Dupont said.

To assist with planning, St. Michael's earlier this year reconstituted its board of associate trustees. Eight laymen from varied fields were included in the board of 20 members and asked to contribute their experience and wisdom, Father Dupont said.

St. Michael's is currently building its third postwar dormitory. This building for 215 students will be ready for September, 1960. Bids will also be called for this month on a million dollar Student Union-Dining Hall.

A new chapel, a larger library, a field house and gymnasium, another classroom building, the fourth dormitory, and the renewal of present facilities are included in the program for the next 10 years.

From present and predictable assets, St. Michael's can raise \$2,500,000, Father Dupont said. The other \$2,-

The Very Rev. Gerald E. Dupont, President of St. Michael's College discusses future plans with Atty. Bernard J. Leddy, new chairman of the Board of Directors.

500,000 must come from new sources, according to the president.

The board heard outlines of the plan from Father Dupont and from William P. Geary, assistant to the president for development. Geary has prepared a new brochure outlining the needs.

"This is not a new campaign," Father Dupont said. "This is a consolidation and development of the magnificent support we have enjoyed since St. Michael's decided to expand after World War II."

"More than 10 years ago, our friends built Cheray Science Hall. This enabled us to insist on two years of Science for every man who comes to St. Michael's. This is one reason St. Michael's has 30 per cent of its students concentrating in science and mathematics against a national average of 12 per cent."

"Our St. Michael's Plan" for teaching the liberal arts and sciences has attracted

(Continued on Page 4)

## Military Weekend To Bring Newport Youth Band To SMC

The Newport Youth Band has been engaged for the Jazz Concert on Friday Night, November 6 and also for the Formal Ball on Saturday evening from 8 P.M. to 12 P.M. The four hour ball will be held for the first time in the Hotel Vermont, according to Military Weekend band committee chairman, Jack Joyce.

The Newport Youth Band is made up of teenage musicians from the greater New York area, and was organized by the Newport Jazz Festival. The band is under the direction of Marshall Brown, who is a member of the Newport board and also a leading music educator. He is famed for his work with the Farmingdale High School Band, which received world wide acclaim

at the Newport Jazz Festival two years ago.

Last year, he also organized and led the International Youth Band, composed of the best musicians from each of 18 European countries. This band played at Newport and made TV appearances on the Perry Como Show and the Arthur Godfrey Show and also was heard for a week in the American Pavilion at the

Brussels World Fair.

#### SELECTION

The present band was formed after Marshall Brown auditioned over 600 teenagers to select his 21 youths. Membership in the band was restricted to youths from age 14 to 18.

Their library of approximately 75 arrangements is very diversified in that the band plays excellent dance music, cool jazz, and also sensuous and exciting Latin tempos. The Band's repertoire includes many great arrangements by Mr. Brown himself, Ernie Wilkins of Count Basie and Tommy Dorsey fame, Bill Russo, Adolph Sandole and John LaPorta.

For the Jazz Concert on Friday night in Austin Hall the Band will be blowing some cool jazz in a style similar to the great Stan Kenton and on Saturday night they will be playing fabulous dance music at the Hotel Vermont, wrapping up the scheduled events of the Weekend.

Arrangements have been made with the campus radio station to make this music available to the students. They have the releases by the Newport Youth Band and will play them periodically over 570.

The Newport Youth Band, directed by Marshall Brown has been signed by the Military Weekend Committee. The ages of the members of this 21 piece Band range from 14 to 18 years of age. They will play a two night stand on the "hilltop".

# Past and Present

by Mike Gelinas

Great poetry cannot simply entertain. Along with pleasure, it must give to the reader a broader and deeper understanding of life. It is *knowledge* of the complexities of human nature and of the tragedies and sufferings, the joy and pleasure, that characterize human experience.

The Greek ideal of poetry was that it should be a duplication of that which is essential in nature; the form of expression should be in harmony with the matter of the expression. Aristotle expressed these two ideals as *imitation* and *harmonia* --- the form of expression should always be in harmony with the particular materials being used, thus presenting a living counterpart to the certain essential truth grasped from nature.

T.S. Eliot stated a very similar conception of poetry in the essay "Tradition and the Individual Talent". And although Eliot seems more concerned with *harmonia* than with *imitation*, he still fulfills the two essentials in his dramatic narrative poem, "The Love Song of J. Alfred Prufrock".

The essential meaning of Prufrock's nature is expressed through forms that are harmonious with that nature. We arrive at an understanding of Prufrock not through any process of logical reasoning, demonstration, or exposition. This would contradict both the character of Prufrock, and Eliot's conception of the necessity of *harmonia*.

At the beginning of the poem Prufrock is apparently on his way to a late afternoon tea. He is going to make a declaration of love to some lady who will be there. But on the way he says he is going to make this declaration, we are not sure whether he really wishes to or not --

"Let us go . . . to an overwhelming question . . .  
Oh, do not ask, 'What is it?'"

Let us go and make our visit."

Through a continual use of images of motion -- of coming and going, of emergence above himself, and then submergence under the forces working on him, of life and death, we see that J. Alfred Prufrock is a man of perpetual confusion and indecision. The abrupt mention of heroic figures like Michelangelo, John the Baptist, and ironically, Hamlet, is a brilliant use of psychological contradiction to illustrate the unheroic nature of Prufrock. By a process of antithetical and psychological associatiin we have come to understand that Prufrock is a type of the modern man - - - passive, confused, impressionable. He lives neither in reality nor understands it. He has

" . . . time yet for a hundred indecisions,  
And for a hundred visions and revisiins, . . ."

He can neither see nor comprehend anything above his own respectable middle class conventionality. He is content with being

" . . . an attendant lord . . . .  
Full of high sentence, but a bit obtuse;  
At times, indeed, almost ridiculous - -  
Almost, at times, the Fool."

His great concern is maintaining his own inhibited respectability.

"I grow old . . . I grow old . . .  
I shall wear the bottoms of my trousers rolled."  
Being indecisive, he is incapable of any direct, deliberate thought of his own. The greatest decisive statement of which he is capable is

"It is impossible to say what I mean . . ."

## INQUIRING PHOTOGRAPHER

by Gene Reagan

Question: What do you think of the new rules on campus?

John H. Zurlo, Champlain New York, Class of '60

Campus regulations as every reasonable student must realize, are very important and needed requirements, enacted solely to aid the student. I would say, however, that these regulations should be enforced by a system of gradation, that is, privileges increasing with seniority. Specifically, late lights and late permissions are what I am referring to.

Peter Harvey, Bennington, Vt., Class of '61

"RULES AND REGULATIONS", the largest controversy on campus. It seems that everyone is against these new rules and regulations, but I believe that if we all sat down and thought seriously and truthfully we would know that we brought upon ourselves these new and old re-enforced rules. The administration became aware of our "freedom of movement" we had last year and now are going to limit this movement.

I think the administration is trying to develop us into the matured college students that we claim we are.

Joseph Cironi, Paterson, New Jersey, Class of '62

In my estimation the placement of a deputy on campus is good, as such, mainly for the protection he will give to the property of students who park their cars on campus. His duty of having to check in students with "late permissions" is very helpful to the proctors but may prove to be slightly an inconvenience for those students who will have to journey to the Dean of Men in order to regain their I.D. cards.

# WITH MALICE TOWARDS NONE

The question that has arisen in the minds of many students in relation to the lights out situation is one of primary importance. Is such a plan beneficial or detrimental to the common good?

We must look at this question from the very foundation of its importance. Why are we attending college? The only rational answer to this question is basically for an education. With all lights out at 12:00 P.M., a sizeable group of students are being deprived of the opportunity to devote the amount of time to their intellectual development that they wish to devote.

This group is a minority, we also must keep in mind that this is a democratic society in which the minority is not deprived of its rights--especially when there is a good to be attained.

If we visualize this problem in its entirety--we are bound to conclude that the people who question the validity of such a plan are those who could and would use this time to good advantage. Such people as the Biology Concentrators and also those who are involved in many extra-curricular activities have been subjected to a grave injustice. The time that is required to prepare labs and extensive work in the Biology Concentration is often not to be realized by the time the "black-out hour" of 12:00 rolls around.

In reference to extra-curricular activities there are many meetings and activities in this realm that will greatly benefit the college students, but which do require a great deal of time. These people, in the opinion of the majority should not be deprived of the opportunity to study for an education which is a great monetary sacrifice. These are but specific examples. There are many other students in other concentrations who could use additional time to put into their studies.

There is much to be said in favor of a plan that has been proposed by a group of students in relation to the lights out problem. This plan would provide a staggered schedule for the restriction of lights in the dormitories. A hypothetical schedule could be 12:00 for Freshmen, 12:30 for Sophomores, 1:00 for Juniors, and 1:30 for Seniors.

It is only right that upperclassmen should have some sort of privilege over each respective class under it in seniority. This is but one solution. There may be others. If so, bring them to your class representatives attention. Any constructive plan will be considered by the proper authorities:

It appears that this is the only new regulation that is detrimental rather than beneficial to the students. The other restrictions that have been placed on the student body are ones which were sorely needed. These restrictions are justified. All one has to do is reflect back on the last two years. If we are honest, we will see their necessity.

R.L.H.

### HEADLINES & BYLINES

It has been brought to my attention that many students upon reading a story on the Glee Club in the last issue of THE MICHAELMAN were drastically misled by its intentions.

I should first of all like to point out a fact concerning the organization of a newspaper. The writer of an article does *not* write or make up his own head line. This is an operation that is performed by a designed individual on the evening that the paper is "put to bed".

In the situation being referred to, there is absolutely no association to be made between the writer of the article and the headline which graced the story.

The intentions of THE MICHAELMAN in this particular instance were to place due credit where it belonged. It is truly unfortunate that many people did not take the headline in question in the vein that it was created for.

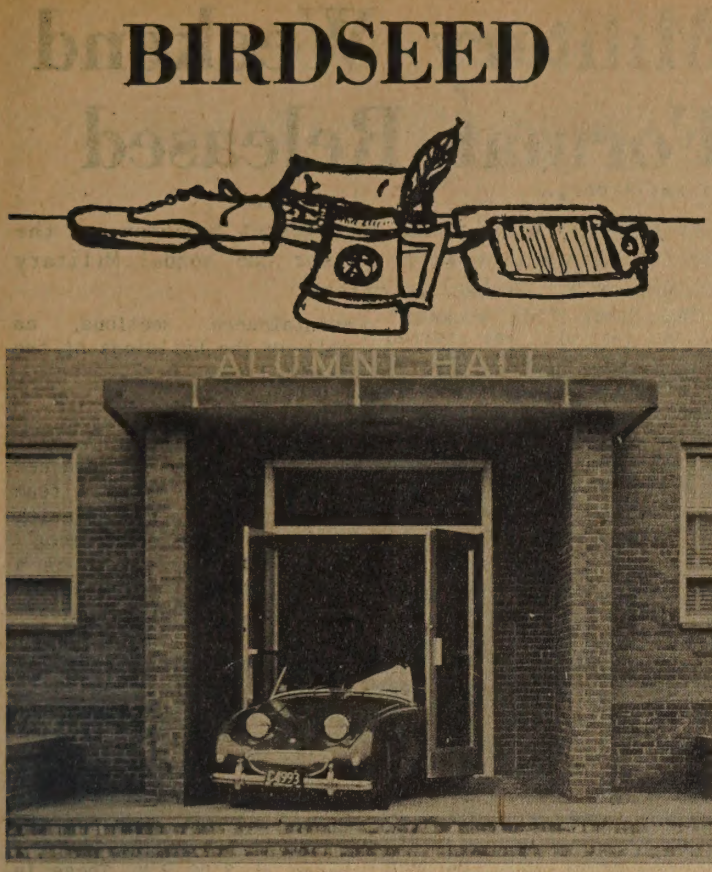

It will be the policy of THE MICHAELMAN to no longer use any bylines for articles pertaining to THE NEW LIFE CAMPAIGN in the Glee Club. THE MICHAELMAN also would like to take this opportunity to wish THE NEW LIFE CAMPAIGN the best of luck in future concerts and other activities.

Yours for Campus harmony,

Richard L. Hickey

**JIM AQUINO BRINGS NEW LIFE TO GLEE CLUB**

by Jim Aquino

Nice try.

The face of the campus is rapidly changing as the new dorm rises to the West. We feel certain that the finished product will add a great deal to the Winooski Park Horizon. However, we're afraid that if work isn't speeded up, those residing there next September will find their rooms just a bit drafty. Upon completion, the building will undoubtedly follow in the tradition of its predecessors (Old Hall, College Hall, Science Hall) and receive an equally unimaginative name. . .New Hall perhaps?

Last weekend the Alumni who made this new building possible by their "amazing" contributions returned to the scene of the former triumphs. Most commendable.

If some of you think it is hard to get your hands on a bottle around here you ought to try getting a bottle of cough medicine from the infirmary. You are expected to undergo thorough physical examination and if this reveals that you have an authentic cough, it's possible that you will get your cough medicine. It is also possible that you will receive an invitation to spend some time with them--An invitation not easily declined.

Meanwhile Dan Sherlock's monogrammed flight jacket, THE GRAY EAGLE, seems to be giving him a bit of trouble. It took off on an unscheduled flight the other morning leaving Dan behind. His pursuit of it was given impetus via the request of Major Jacobs. An exaustative search showed that the jacket was not flying, but had been temporarily purloined by a strong arm and assistants.

Among the inquires received by the editor last week, there were several, indeed a majority wanting to know "What does W.C. stand for?" This comes as a great surprise to us because we thought that everybody was familiar with "Windlestrafe Clamfanfry". Try Webster's Collegiate.

An inquiry of our own: Who are the two people parking in front of Science Hall until all hours of the night? From what we hear they may be some sort of autograph hounds, but this doesn't seem likely. And with the Airport so near. . .

We had planned to expand on our Wah-Joug Tournament plans, but we have been rudely interrupted by someone on the light switch -- "I can not understand it, it's 12:00 P.M.!

Lights or no, some fellow with a little red car certainly doesn't have to walk to his room. The parking problem isn't that pressing.

**Mr. McGinnis Joins SMC English Dept.**

by Pete Clement

Among the most notable additions to the St. Michael's English Department is Mr. Charles F. McGinnis, a native of New York City. Mr. McGinnis is a United States Navy veteran who has had previous teaching experience at such outstanding schools as the University of Notre Dame and at the ever popular St. Anselms.

**EDUCATION**

His undergraduate work was completed at Tufts University where he took his Bachelor of Arts degree in 1948. Continuing on in the intellectual sphere, he completed work for his Master of Arts degree which was awarded to him from Boston College in 1949. The thesis topic that earned him his Masters was "The Literary position of Sir Thomas Moore". He is now an aspiring doctoral candidate at the University of Columbia.

**ACTIVE**

At the present time he is an active member in such a laudible organization as "The American Association of University Professors".

Mr. McGinnis' position at St. Michael's is as assistant professor of English. In addition to his tutelage of English he will also be teaching in the literature section of the Humanities Department.

**Professors Move To New Location**

by Robert E. Pellegrine

With the destruction of Saint Leo's Hall last year, the professors were forced to evacuate their offices from Saint Patrick's Hall to make way for the incoming Frosh.

Saint Patrick's and Leo's are the temporary barracks on campus obtained from the Air Force Base for one dollar apiece. These buildings were given to the college and likewise to other colleges with the stipulation that when new and permanent buildings were constructed, that these temporary structures would be torn down. This stipulation was changed in 1951 to state that the college could request other uses of the buildings and thus retain them.

**DECISION**

When it was time to start the new dorm, there was much discussion as to whether or not to keep Saint Leo's or tear it down. Then there was the problem as to what to do with the new crop of Freshmen coming in the following year. In considering the cost to move the building which would have been \$11,000 it was decided to move the professors to Miketown, cutting down on the number of married students who could live there and to make St. Patrick's into a dorm. Saint Pat's houses close to 40 students

**INCONVENIENCE**

When the new dorm is finished in September of 1960, it will cut down the inconvenience caused by the destruction of the old barracks. At the present time, the faculty offices are occupying only eight of the 24 apartments in Miketown. The lack of room has also hit the other members of the student body forcing approximately 25 students that are non-Burlington residents, to live off campus.

**Council Passes On Sophomore Budget**

In a brief session Tuesday evening, the Student Council passed a Sophomore Dance budget in preference to a similar Outing Club measure. The former, advocated by Sophomore Class President Dave Drew, provides for a \$76 grant to hold a dance October 24.

Frank Steele, Outing Club President, sought in vain his club proposal to sponsor a dance on Oct. 17. The request was unanimously denied but with a recommendation that a near-future date in its stead be considered.

Unanimous consent that Charles McManus, '61 and Bob McGee '62, be members of the Constitution Revision Committee was given at this meeting. Chairman of the committee Dave Dowd '61, reports that the revision is currently being planned and that recommendations will soon be presented for Council approval. The revision began last year but time elapsed before student approval could be given at the annual elections.

Council commendation was extended to the Junior Class as the financial results of their dance were given. Bill Haggerty reported that a net profit of \$329 was realized from the Oct. 3rd affair.

Omitted from the account of the last Student Council meeting was the announcement of the temporary freshman class representatives. Council President Dave Barry '61, named the delegates: Tom Derosier, Ed Dilworth, Bob Fogarty and George Miller. The four will hold office until the freshman elections are held in December.

As to whether night lights should be restored, Charles O'Brien '60 issued a recommendation concerning the matter to the Student Council Welfare Committee. Although details were not given, mention was made to extend night lights on a different time basis for each class dorm. If approved by the Welfare Committee, the measure will be discussed with the college authorities.

Student Council meetings are held every Tuesday evening at 6:30 P.M. and direct participation of any student is encouraged. If attendance is not possible, WSSE broadcasts these weekly sessions.

**Students Extend Welcome To K of C**

by Phillip J. Lagoy

On Tuesday evening, a meeting was held to acquaint the students of St. Michael's with the Knights of Columbus and to explore the possibilities of organizing a Council on campus. Father Coombs, S.S.E., welcomed the members of the Knights to campus, and expressed his pleasure at the turnout of students.

Having a Council here at St. Michael's has been a much discussed topic during the past year among members of the Administration, stated Father Coombs. He displayed enthusiasm and appeared hopeful that this could become a reality.

Sgt. Robert T. Moore, of the Air Force detachment here at St. Michael's, introduced the speakers to the assembled Michaelmen. If and when a Knight's Council is established, we will be deeply indebted to Sgt. Moore, whose efforts and perseverance have brought this matter before the student body. Sgt. Moore will act in the capacity of advisor to the new Council.

The first speaker of the evening was the Vermont State Deputy of the Knights of Columbus, Mr. J.O. Harton. He outlined the interests of the order in the State of Vermont. He also gave the students a brief idea of the aims of the Knights and explained some of their programs. A special interest is taken in St. Michael's because of our close association with religious. This would work very closely with the fund set up by the Knights to aid prospective candidates for the Priesthood.

Mr. Leo Carty of the Supreme Council Office gave a short talk on the background of the Knights of Columbus. The purposes for which they were founded were to organize laymen to do work for the Church which the Clergy were not equipped to do, and to provide inexpensive life insurance for the brothers of the Order and their families.

Mr. Edward J. Loughney, Supreme Council Representative, outlined the history and aims of the insurance program

Leo Carty  
Supreme Office, K of C

and District Deputy Mr. Fred Terrian of Essex Junction explained the process of organization and obtaining a charter.

It was announced that representatives of the Knights of Columbus will be on campus for a few days, and they will welcome any questions from any members of the student body.

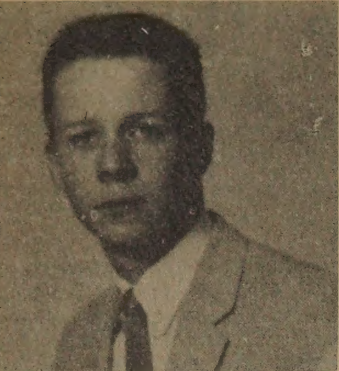

A film on the Mission of the Knights of Columbus, "Noble Heritage", was shown and a question period followed.

Approximately one hundred students attended the meeting, and response seems to be favorable so far. Anyone else who is interested is urged to contact one of the representatives of the Knights on campus, or get in touch with Sergeant Moore.

DURICK  
(Continued from Page 1)

has been a critic for the College English Association. He recently contributed a chapter on Poe for the book, "American Classics Reconsidered."

Dr. Durick is a member of the Modern Language Association, the College English Association, the English Institute (Columbia University), Pi Gamma Mu (Social Science Honor Society), Delta Epsilon Sigma (Catholic Honor Society), Vermont Forums (trustee), the Knights of Columbus, and was a trustee of the Burlington Community Concert Association. He is also a consultant to the Jeanne Mance School of Nursing and a member of the board of the Fanny Allen School of Practical Nursing.

Dr. Durick and his family reside in Burlington. He is married to the former Elizabeth Anne McLaughlin of New York. They are the proud parents of four children, Eileen, Daniel, Elizabeth Anne and Jeremiah, Jr.

DEVELOPMENT  
(Continued from Page 1)

not only attention, but also more of the kind of students that can profit from such a program. We feel it our duty to help meet the needs of these young men."

The board approved a plan to set up the Associates of St. Michael's College. This will include those who will pledge at least \$100 a year to the college. This phase will begin November 1. Another group will include those who can give at least \$10 a year.

The associate trustees include five whose four years terms will expire in 1963. They are: Edward J. Breck, Springfield, Mass.; F. Stafford Cleary, New York City; Victor LeMieux, Manchester, N.H.; Michael A. Morrissey, Rye, N.Y.; and Paul W. Smith, Glen Rock, N.J.

The three other new members whose terms will expire in 1962 are: Barnerd W. Coffey, Plattsburgh, N.Y. and Essex Junction, Vt.; James F. O'Shea, Rutland, Vt.; and Henry H. Riordan, Burlington.

On the board are nine other Burlington members. They include the chairman, Atty. Bernard J. Leddy, I. Munn Boardman, James J. Carney, Dr. Jeremiah K. Durick, Bart Garrity, George J. Lumbra, Gerald McKenzie, Atty. Joseph A. McNamara and Thomas B. Wright, Jr.

Peter Hincks, Middlebury, John McGrath, Milton, and John O'Brien, Winooski, complete the board.

Alumni, faculty and student help will also be included in the development plan. The alumni have already pledged \$100,000 through the Loyalty Fund.

Military Weekend  
Format Released

by Kevin Bergen

On November 6 and 7 the John Verret Squadron, of the Arnold Air Society will sponsor the annual Military Weekend at St. Michael's College.

The first "big weekend" of the year will get started Friday afternoon, with an informal reception in Alumni Lounge at 3:30. The main purpose of the reception will be the selection of the Queen and her court by detachment personnel and members of the administration.

TALENT SHOW

Friday evening the weekenders will gather at Austin Hall to experience the finest of Fridays.

Some of the tentative treats in store, will be a Talent Show, judged by the audience: The appearance of the "Dissipated 8" from Middlebury College, Temple Connors of Ralph Marterie fame, now with his own group; and a two hour stand by the largest and the best jazz and dance band ever to play at a Military Weekend.

Saturday morning the advanced cadets with their dates will be the guests of Ethan Allen Air Force Base. They will be treated to a flight line tour to include, aircraft, operational and

maintainance sections, as well as the buildings of the flight line.

FOOTBALL

At 2:30 P.M. the advanced corps all-star football team will engage in a contest with the "definitely underdog" basic all-stars. There is a promise from Special Events chairman Joe Kennedy that the game will be unique in the annals of touch football. There will be many surprises for the spectators as well as the players.

FORMAL BALL

The Hotel Vermont has been chosen as the site for the formal ball which will commence at 8:00 P.M. Those in attendance will witness some fancy maneuvers performed by the Honor Guard, under the direction of Roger Plasse. The jazz band of Friday night now changes tempo and becomes the dance band for Saturday night.

This will give St. Michael's the first two night stand of a name band for Military Weekend. The weekend will come to a close for the tired cadets and their dates at midnight.

Military Weekend Chairman Kevin Bergen, has said that all plans are progressing on schedule and that "If everyone continues to help out as they have been, this will be the greatest of Military Weekend."

It was dark in the little sleeping bag. Miguel pulled off one boot. He pulled off the other boot. His mind was on the beer. Not far off, the colorful toros were strumming on their muchachos. The wind was restless in the trees. He thought of the beer.

"I will have the Schaefer now. The beer."

Teresa brought it to him. "What do you hear in the best of circles?" she asked. "Schaefer all around!" he said. It was a little ritual they had between them. It was a very good ritual. She watched him drink la cerveza real—the real beer. "How goes it?" she said. She was blushing.

"It goes well. It is of the palate. It is of the throat."

"Has it a smooth round flavor?"

"It has a smooth round flavor."

"What does round mean?" She was afraid he would think her a fool.

"You are a fool," he said. "Round means never sharp, round means never flat."

"The Schaefer beer is round," she smiled.

"I drink to you, mi vida," he said.

"I drink to you, dumbkopf," she said.

They were quiet together, thinking of the Schaefer. Somewhere the conquistadores began to sing softly. The time of the Schaefer was a good time.

## The Spooks Will Spin

by Bob Camisa

The Sophomore Class will open its 1959-60 social season next Saturday evening October 24 at 8 P.M., with the presentation of the "Spook Spin". The music at this affair will be supplied by Bill Mazur and his Knightones and admission will be \$1.00 stag or drag.

This affair will be handled by Co-Chairmen Dave Drew and Joe Wood in conjunction with their respective committee heads. In charge of tickets will be Joe Rose and Tom Robinson; Publicity, Joe Cironi; Decoration, Joe Scarlatelli; Refreshments, Paul Upham and Bob McGee, and last but not least Clean Up, Pete Christo.

### ARNOLD SISTERS

Besides the musical stylings of Bill Mazur and his combo there will be added entertainment during their intermissions by The Arnold Sisters of Burlington. Their first appearance on the hilltop was made two weeks ago at the Beanie Bounce where they were a rousing success.

### DOOR PRIZES

As an added attraction some lucky couple will receive a Door Prize of two chicken dinners at the Hi-Hat Restaurant and two tickets to a show.

A carcade headed by Jim Nolan and Mike Meehan will transport the fairer sex from from surrounding colleges to the hilltop. From these and the escorted young ladies will be picked a Halloween Hon who will be presented with an L.P. album for her glamorous appeal.

Thus far the tickets have been selling very well and all students are cordially invited with the assurance that a good time will be had by all.

# Mathematicians To Hold Tea

On Thursday, October 22, in the Mathematics Offices Mrs. Warren G. Sparks will preside at a Tea sponsored by the Department of Mathematics in view of organizing a Mathematics Club on campus.

The purpose of this event is to acquaint the Freshmen Concentrators with their upper-class concentrators and to introduce them with various aspects of the Mathematics field.

The second part of the program will be under the direction of the Senior mathematics major and will include various games involving Math. and its application to a particular science will be explained.

Chairman of the Games Committee will be John Lin assisted by Jerry Kowalczyk. Chairman of the Time and Invitations Committee will be Fred Armstrong assisted by John Wyman and Conrad Leclair. Pete Griffin will be in charge of refreshments with George Mutrie and Walter Andres. For the Publicity Committee, Walter Andrews will be Chairman with Conrad Leclair and Fred Armstrong assisting.

# GRIDIRON GRAVY

by Dan Mahoney

**Auburn vs. Georgia Tech:** Auburn's slick defense seems to work only against the good teams. The Engineers' Bobby Dodd has created a real threat down South. I can see blood all over the field in this game because the Auburn forward wall is about to collapse:  
Georgia Tech

**Arkansas vs. Texas:** The winner of this game will have the inside track in winning the Southwest Conference. Both teams are undefeated and well balanced. Last week, Texas was scored upon for the first time by Oklahoma. Texas seems to have the better team but no one will ever be able to predict this conference:  
Texas

**Holy Cross vs. Syracuse:** The Crusaders have limited their weak opposition to only 8 points so far this year. Now that Jimmie O'Brien, their leading runner, is out for the rest of the season they will have to find a new scoring threat. Syracuse is always a tough competitor but they seem to have trouble with Dr. Eddie Anderson's eleven every season:  
Holy Cross

**Iowa vs. Wisconsin:** Wisconsin couldn't score against the Mighty defense of Purdue and Iowa will have trouble penetrating the line of the Badgers. A typical Big Ten clash with a good offense vs. a strong defense. Sleepless nights ahead for the Hawkeyes:  
Wisconsin

**Army vs. Duke:** An injury riddled Army team lost to Penn St. last week and unless Bob Anderson can play it will be a bad day at West Point. Duke was nosed out by Pitt 12-0 but you can't win em all. This will be a game with a good offense and defense vs. nothing:  
Duke

**Texas vs. T.C.U.:** A well rounded team vs. an unheralded all-American. This is what T.C.U. will be facing when they lock horns with Charlie Milstead. It still takes more than a one man team to beat a team with the caliber of the Horned Frogs:  
T.C.U.

**L.S.U. vs. Kentucky:** Anything that can be said about coach-of-the-year Paul Dietzel's Bayou Tigers has already been said twice. Could Kentucky overthrow the nation's number 1 team? They haven't got a chance. 15 in a row for:  
L.S.U.

# Super Sub!

It's been said that the atomic submarine "Nautilus" stays submerged so long that it only surfaces to let the crew re-enlist. Perhaps for this reason, the Navy has taken valuable space aboard the "Nautilus" for the only soft-drink vending machine in the entire submarine fleet. Naturally (or you wouldn't hear about it from us) it's a Coca-Cola machine. And not unexpectedly, re-enlistments are quite respectable. Rugged lot, those submariners. Great drink, Coke!

# Juniors Continue To Roll In Football

## HARD LINE PLAY SEES JRS. WIN 4TH IN ROW

A deflected pass off the finger tips of Gary Andrews into the hands of Denny McCarthy gave the Juniors their fourth consecutive win, this time 7-0 over the Seniors.

Played in near darkness this game was assuredly the hardest fought game of the year with two powerful lines fighting it out right down to the end. It was now or never for the Seniors who had entered the game a 3-1 mark, losing only 14-0 to the same Juniors.

### FIRST HALF

The first half of play was held in Senior territory as the Junior defense made Joe Mahoney's arm ineffective. Whatever gains he made were runs up the middle or around end. Blocking by de'Angelis, Kozlowski and Lamoureux made this the Seniors best gain play.

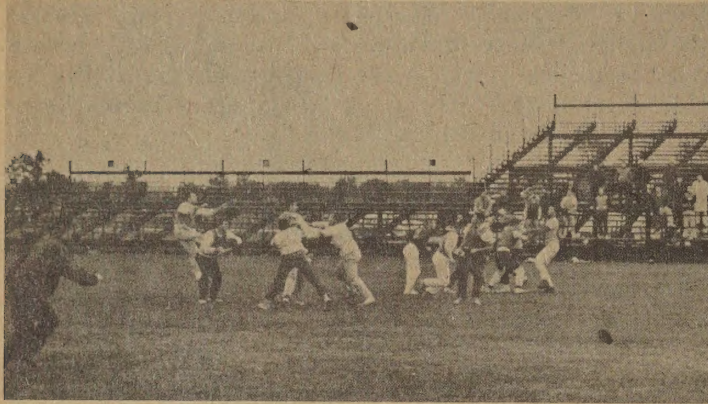

In the last half however, the Seniors made their move as Jack Long brought down a

long pass which must have covered 50 yards at the least. He was surrounded by 3 defenders but somehow managed to grab the ball. Again the Seniors were stopped cold.

### JUNIOR LINE

With time running out and the Juniors threatening, Fred Scarlatelli intercepted a pass. Another long pass to Jack Long put the Seniors on about the Junior 15. Here the rushing of Stolfi, Boisseau, Richiski and Clifford killed any hope of a Senior score.

At this point the Juniors stand 4-0 having been scored on only once and this was by Willie Basel on a pass to Tony Belanger.

# ENTIRE VARSITY SKI TEAM RETURNS

by Joe Rowan

The St. Michael's Ski Team started training Thursday in anticipation of the best season yet. Coach Dominic Casavant is very enthusiastic about the potentialities of the well seasoned team.

First of all, practically all of last year's varsity squad is returning. Among them are senior Bernie Rooney, juniors; George O'Connor, Pete Culhane, Joe Vargas, Curran "Spike" Robinson, Jim Willard, Bob Rice, and two promising "Soph's" Regis Sullivan and John Whitcomb.

Besides those returning from last year is a former ski team captain, Roger Rivard. Rivard, who was in the service, has done extensive skiing in Europe and should prove to be a valuable four event man.

### LOSSES

The only non-returning member from last year's varsity is Paul Lareau. Ace jumper Bob Rice will only be able to compete in campus meets this year due to his proctoring duties. To make up for these losses, Casavant said there are some real skilled skiing frosh of the better than 20 who showed interest.

Another real asset which the team hasn't been favored with before is skier, Ole Hirvonen. Mr. Hirvonen, who is a candidate for the 1960 U.S.A. Olympic Ski Team, has agreed to help train the skiers while he's working out for the Olympics.

### SKI JUMP

The general shapening up practices started Thursday. There has been one work day over at the jump this Fall. About 25 fellows did some needed work on the area. A bulldozer has been over there

this week also. The reason for this is to eliminate the dangerous hump at the end of the outrun (the strip from the base of the jumping hill). The outrun will now be a level strip about 200 feet long.

### SCHEDULE

Although the meet schedule is not complete, the Class "B" Eastern Collegiate Championships here is definite. The Championships, being held Jan. 30 and 31, was one of the reasons why the ski jump outrun had to be in A-1 condition. The jumping event is to be at the campus jump and the other events at Jeffersonville. This meet held here last year included skiers from Harvard, Maine, and other eastern schools and should be better due to the more ideal conditions.

The team, which works out regularly at Jeffersonville, will benefit greatly from the new day tickets obtainable there. One can ski all day and use the lifts as much as he wants for a certain daily fee. This applies to everyone, not just the ski team members. The Jeffersonville Ski Club has given an invitation to the S.M.C. Outing Club to engage in a little "friendly competition".

During Christmas vacation the team will have its first ski camp in Lyndonville, Vermont. At the four day camp the fellows will get their chance to train for the coming season and the Frosh to prove themselves.

### VARGAS

It looks as if we can all go along with enthusiasm of Coach Casavant and captain Joe Vargas. This year, Joe believes, we will show our competition a really improved team.

## Rifle Team Set For Opener

by Michael B. Fallon

Master Sergeant John Lucas, moderator of the Varsity and R.O.T.C. rifle teams, reports that plans are underway for the coming Intercollegiate competition.

### RETURNING SHOOTERS

Sgt. Lucas has eleven marksmen trying out for the Varsity team and plans to cut the team to nine members by November 1. Junior Dave O'Mara, who led last years R.O.T.C. firers to the Area "A" championship will again compete with the Varsity team.

Veterans Pat Leahy, Brian Hunt, and Wally Ancil will also help to better the 3-5 mark claimed by last years shooters, who placed 5th in the New England Rifle League.

### NOV. 3, COMPETITION

Varsity competition will begin Nov. 3, when the team will travel to Middlebury to fire against Middlebury College. Sgt. Lucas has also carded tentative matches with M.I.T., Bowdoin, Norwich, Dartmouth, and will again compete in the 4th annual Coast Guard Academy Invitational Tourney at the New London Campus.

### DEFENDING CHAMPS

The A.F.R.O.T.C. Rifle Team, Area "A" defending champs, will try to equal last year's unblemished slate. The schedule is not complete as of yet, but Sgt. Lucas promises competition in the 1st Army Area Intercollegiate matches to be held January 12 thru 26 and The William Randolph Hearst Trophy Matches.

### MEMBERS

Members of the team include Paul Boucher, Andrew Fay, David Fenn, William Greene, David Sampson, Harry Harrup, Frank Menillo, Gary Mickels, James Mossi and John Pugar.

As the college is affiliated with the National Life Association, any student or faculty member can enjoy the benefits of membership. Sgt. Lucas has details.

## SENIORS SHUT OUT SOPHS

by John Hanlon

The Seniors defeated the Sophs 8 to 0 Monday night, in a crucial and hard fought game. A sparse but enthusiastic crowd witnessed the hard crashing line and stout defense of the seniors zero the Sophs.

The Senior TD came in the 2nd quarter as Joe Mahoney skirted right end for 35 yards and a score. Joe Kozlowski threw the important block to Spring Mahoney. The other score also came in the second quarter as the staunch defensive line of the Seniors pushed the Sophs back until Dick Milisci trapped Basel in the end zone for a safety.

Basel was unable to display his wizardry of the airplanes due to the constant harassment of the middlemen in the Senior defensive unit, namely Donahue, Holub and Burns.

## KEN DOWNES, DETERMINED BOYS OF '61 DOWN FROSH

Behind 12-0 in the 4th quarter the determined Juniors staged a spectacular comeback by scoring 2 touchdowns and an extra point in the final minutes of play to edge the Freshmen 13-12. Kenny Downes, speedy third year half back, thrilled the many fans by hauling in 2 TD passes while Dave Clifford kicked the extra point.

Perhaps feeling let down after their tough grind against the Seniors the previous evening, the "boys of '61" played listless ball for ¾ of the game. Taking advantage of this the spirited Frosh who had held the Juniors scoreless for ¾ of their first game, surprised everyone by scoring in the second quarter.

Just for insurance Jim Johnson fired a pass, at the outset of the second half, down the middle to Marty King who ran 40 yards for a 12-0 Freshman lead.

Then the roof fell in. Someone lit a match to the most exciting comeback of all. The Junior fans hollered for an almost impossible task. Ed Anibal intercepted a pass and the move was on.

Soon, little Kenny Downes, who was used sparingly up 'till now, was put in at half and quickly got loose for the Juniors first score. Clifford's PAT attempt was low of the mark.

Still down by 6 with time running out and the Freshmen in control, the Juniors kept pushing. The defensive wall charged so courageously that Johnson and the Frosh were in a 4th and 15 situation deep in their own territory.

For some reason they attempted a pass on a punt situation and it failed. With

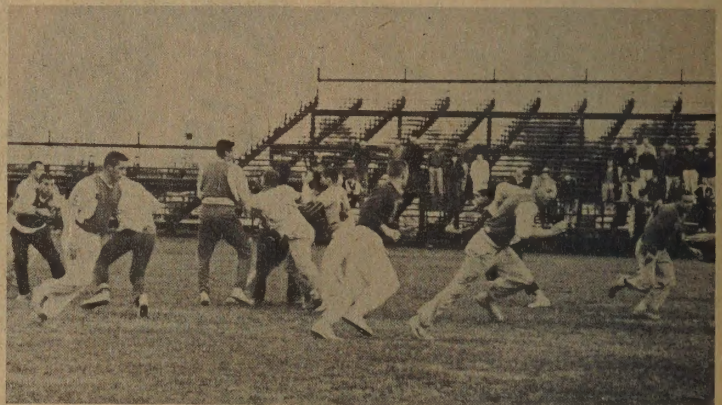

three minutes remaining the "boys of '61" were threatening again. Passes to McCarthy put the ball on the 12 with a 4th down and a minute to go.

Again the "runt from Rensselaer", Ken Downes came through as Harry Kerrigan loffed one into the end zone. Downes made a nice grab and was overwhelmed by enthusiastic friends as attention now focused on the extra point attempt.

Dave Clifford tried it and put a crown on his stellar line performance by booting the ball through the up-wrights for a 13-12 Junior win. It was "Cliffs" 7 (seventh) extra point of the year.

It was the fifth victory in as many games for the Juniors as hustlers like Jay LaFrance, Bill Burns, Dick Torykian and Tom Lanci made the biggest win of the year a team win.

## FRESHMEN LOSE IN 4th QUARTER 20 to ZIP

Held scoreless for three quarters by a determined and spirited Freshman club, the Juniors continued their winning ways by overpowering the first year men 20-0. The game was highlighted by Dave Clifford's drop kick for a point after touchdown.

For three quarters the Freshmen, led by Jim Johnson and lacking the services of Bob Fogarty, dominated the play but were unable to score. Throwing into the wind Johnson moved the ball several times into Junior territory but was usually halted by an interception or a strong defensive line.

### INTERCEPTION

It was an interception by Ed Anibal in the final period which broke the back of the Freshmen. Anibal picked one off at about midfield and brought the ball to the 15 where Harry Kerrigan, ineffective most of the game, passed to Denny McCarthy for a TD.

### MEGEE MISSING

Basel was also handicapped by the absence of his main target, crafty Bob Megee. Tom Mulchay tried to pick up the slack in this dept. but his admirable effort was just not enough. A standout in the

### MCCARTHY

McCarthy scored the Juniors second touchdown soon after when he intercepted a pass on the 45 and raced down the sidelines into the end zone. He now has 5 TD's in 3 games for the league lead.

The Freshmen threat was based mainly on the running of Johnson and passes to his ends. Marty King, on the end of most of these tosses put the Frosh in Junior territory time and again.

After Kerrigan iced the game by hitting Guilmette for a 19-0 score, Dave "The Toe" Clifford attempting to fake a kick and pass fooled everyone by smoothly drop kicking the extra point.

Soph defense was John Whitcomb who blocked DeAngles' placekick.

Almost the entire game was played in Soph territory as two Senior TD's were called back, over a circus catch by Lou Stevens.
